NEIGHBORHOOD BRAKE WATCH RECAP

WE COUNTED 510 CARS.

Nadine Cir & W 229th Pl | Mon, Oct 12, 2026 | 8:00-9:00 AM

Even on a wet morning with lighter holiday traffic, we counted about 5 times the cars neighbors expected.

NORTHBOUND	EASTBOUND	SOUTHBOUND
231 cars	151 cars	128 cars
Nadine South to the 3-way	**Madison on 229th to the 3-way**	**Nadine & Maple to the 3-way**

Three volunteers, each assigned one direction, counted cars with hand clickers.

WHAT WE SAW

Neighbors at the corner. Faces blurred for privacy.

- **Most drivers slowed or stopped**, and several waved, gave a thumbs up or said thanks.
- **About 16 violations and close calls** logged, even with a crowd of sign-holders in plain view.
- **7 drivers** did not wait or yield for pedestrians to fully cross.
- Speeding and rushed left turns onto 229th and Nadine were the most common problems.

WHAT'S NEXT

- **Meeting with Public Works.** Councilman Jeremy Gerson (District 6) stopped by to speak with neighbors and hopes to arrange a meeting between Public Works, neighbors and the HOA, with November as the target. We will update neighbors once something is confirmed.
- **Rapid-flash beacons** are being considered for the Sports Center crosswalk. They cannot be used at the 3-way (a controlled stop), and the City has not used them before, so approval is not certain.

Councilman Gerson visits with neighbors.

SHOW UP. SLOW TRAFFIC. SAVE LIVES.

Thank you to our volunteers, Councilman Gerson and Torrance Police. See you at the November meeting.

Organized by neighbors, for neighbors. Prepared by Lisa Duarte. Does not reflect the views of New Horizons South Bay or any NHSB club or committee.
